**BRIEF DESCRIPTION:** On the 3<sup>rd</sup> of April, I participated to the event "Guardians of the Ocean - United for Marine Turtles Safety and Sustainable Fisheries" organized by our friends of Life Oasis and held in Malta at the Xrobb I-Għagin Park and Wildlife Rehabilitation Centre. During the presence meeting, I presented the activities foreseen in the LIFE PROMETHEUS to involve fisherman in reaching our conservation purposes, and these ideas will be shared with the other projects participating in this networking event.
